Chief Executive's Update: November 2015

Since joining WLB nine weeks ago I have spent much of my time on the road meeting member companies large and small - as well as businesses considering joining. Your input is critical in shaping our business plan for the years ahead, so thank you for the ideas and feedback. You can read more about my first 75 days at the helm, and emerging plans, in this [article for the Autumn issue of *BusinessWest* magazine](#).

Scroll down to find out about the **launch of our new website and refreshed brand identity at Wembley** on Weds 18 November, when we will be retiring the blue 'doorway on West London' logo - and introducing the new Members' Resources section of the website.

Don't forget we are now entering the last few days in which you can book to attend the **Awards Gala Dinner** on Thurs 26 November. It is one of the most vibrant nights of the year in West London's business calendar - and this year hosted by entertainment legend Jason Donovan.

Finally, we give you a heads up on a survey that will be coming out in the next few days seeking **members' views on the EU in/out referendum**.

So, as always, no lack of variety in what the team are working on at WLB!
